Dear Resident,

Please complete and return the enclosed Abatement Form in order to receive the 5-year tax abatement for the improvements made to your property.

Thank you,

Raquel Serrano
Borough Assessor

5 Year Property Tax Abatement

Abatements from property taxation are available to qualified property owners where the municipality has adopted an authorizing ordinance.

Please see below instructions for filing of a tax abatement form, authorized by the Borough of South Plainfield in Ordinance 1443.

- 1. Complete and mail the application within 30 days of completion of improvement.*
- 2. All required permits have been issued.*
- 3. Tax and Sewer bills are up-to-date.*
- 4. Your home must be 20 or more years old.*
- 5. The maximum is \$15,000 for the exemption.*
- 6. Return to Borough Assessor the signed and dated application.*

2480 Plainfield Avenue, South Plainfield, NJ 07080

GENERAL INFORMATION AND INSTRUCTIONS

1. Availability: The Five-Year Exemption and/or Abatement is discretionary on the part of the municipal government. For Exemption/Abatement to apply, there must first be an area in the municipality designated by the local government as “in need of rehabilitation.” Then, there must be an enabling ordinance enacted by the local governing body. The ordinance may identify various rehabilitation areas in the municipality, the types of structures and rehabilitation/redevelopment efforts which may be eligible, as well as the availability of exemption or abatement or both.

2. Filing Deadline: EA-1 Applications must be filed with the municipal assessor within 30 days (including Saturdays & Sundays) of completion of the construction, improvement, conversion, or conversion alteration. Late applications will be denied. No applications can be filed or take effect unless a valid timely ordinance is in force. Completion means substantially ready for the intended use for which a building/structure is constructed, improved, or converted.

3. Terms Defined per N.J.S.A. 40A:21-3:

Abatement—that portion of a property’s assessed value as it existed prior to construction, improvement, conversion of a tax exempted building/structure thereon.

Exemption—that portion of an assessor’s full and true value of any construction, improvement or conversion alteration not increasing the property’s taxable value.

Construction—providing new dwellings, multiple dwellings or commercial/industrial structures. Or enlarging existing multiple dwellings or commercial/industrial structures by more than 30% but not changing the existing use.

Conversion/Conversion Alteration—altering or renovating a nonresidential building, structure, hotel, motel, motor hotel, or guesthouse to convert it from its previous use to a dwelling/multiple dwelling.

Improvement—modernizing, rehabilitating, renovating, altering, repairing which produces a physical change in an existing building or structure....but does not change its permitted use. It does not include repairs for fire or other property damage for which insurance payments were received within three years of applying for the Five-Year Exemption/Abatement. For multiple dwellings, it includes only improvements to common areas or elements or three or more dwelling units ...For multiple dwellings or commercial/industrial structures it does not include ordinary painting, repairs, replacement of maintenance items or the enlargement of an existing structure by more than 30%.

Dwelling—a building or part of a building used or held for use as a home or residence, including accessory buildings on the premises. Individual condominium and cooperative units and individual residences within a horizontal property regime are also considered dwellings. The “common elements” of a horizontal property regime, cooperative, or condominium, are not considered “dwellings” but are defined as “multiple dwellings.”

Multiple Dwelling—a building or structure fitting the definition of “multiple dwelling” in the “Hotel and Multiple Dwelling Law,” (see N.J.S.A. 55:13A-3), and also the “common elements” or “general common elements” of a condominium, a cooperative, or a horizontal property regime.

Commercial or Industrial Structure—a structure or part thereof used for the manufacturing, processing or assembling of material or manufactured products, or for research, office, industrial, commercial, retail, recreational, hotel or motel facilities, or warehousing purposes, or for any combination thereof.

4. Start Date of Exemption/Abatement: As amended by P.L.2007, c. 268, Five-Year Tax Exemptions and/or Abatements take effect as of a project’s completion date, except for projects subject to tax agreements for which the effective date of exemption/abatement is January 1 of the year following the year the project is completed. **For projects under tax agreements, Added Assessments are applicable** in the interim period between completion and January 1st. **For exemption/abatement projects not under tax agreements,** taxes to be paid are prorated based on an annual period using a property’s current year assessed value minus the prorated exemption/abatement amount plus any portion of assessed value of the construction, improvement, or conversion not exempted which is also prorated based on an annual period.

Annual period—a duration of 365 days, (366 days when February has 29 days), beginning on the date an exemption or abatement for a project becomes effective, i.e., the project’s completion date.

5. Payments in Lieu of Taxes (PILOTS): PILOTS are the payment mechanism within an exemption/abatement program and are only applied to exempt or abated properties. PILOTS cannot be utilized independently outside of an exemption/abatement. The Five-Year Exemption/Abatement Law provides three kinds of in lieu payments: cost basis; gross revenue basis; tax phase-in basis. A tax agreement between the applicant and municipal governing body will determine if there is a PILOT for the property and which kind of in lieu payment will be utilized.
