Administrative Officer Date

**Tree Removal Permit  
Instructions to Applicant**

No site clearing or tree removal is to begin until the permit has been approved.

Submit three copies of the application and tree removal plan drawing.

The drawing should show the location of trees that will be removed and the location of any trees that will remain on the site within 20 feet of disturbance. Indicate how vegetation to remain will be protected from damage during work.

You must provide the following at the site:

----- Stakes showing building corners, outlines of driveways, roads, etc. in areas where trees are to be removed.

----- Ribbons, flagging or paint marks on individual trees, or the outline of the area of trees proposed to be removed. Do not mark trees that are to remain.

----- The protective devices for vegetation that will remain, as noted above.

**Applicant's Certification:** I agree to carry out tree removal according to the plan approved in this permit. I understand that removing trees that have not been approved for removal may result in penalties as specified in the South Plainfield Borough Code Chapter "Trees" sections 185-10 and 185-11.
